DETAILED ACTION

This Office action acknowledges the applicant's Amendment A, presented as Paper No. 6. Claims 1-4, 6, and 8-21 are pending in the application.

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-3, 8-15, and 21, drawn to a cosmetic material sheet.

Group II, claim(s) 4, 6, and 16-20, drawn to a method and apparatus for fabricating a cosmetic material sheet:

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

The feature on which the unity of invention relies appears to be the concave portions provided on the sheet substrate. However, as evidenced by JP 4-183404 A (provided by the applicant on form PCT/IPEA/409 from application PCT/JP00/04869),

Art Unit: 3728

this feature is known in the art. Since this feature fails to define a contribution over the prior art, restriction of the application is proper.

A telephone call was made to Michael Crapenhof on July 10, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
